Easter/Spring
RETAIL 2022

EASTER/SPRING COLLECTION INSPIRE TO CELEBRATE

Step into a whimsical Spring world this Easter with designs that evoke vibrant garden landscapes and the joy of togetherness. Inspired by a contemporary storybook, this year's trends capture the calm of being outdoors and the growth of our connections with others.

Frühlingswelt mit Motiven, die uns an blühende Gartenlandschaften und die Freude am Zusammensein erinnert. Inspiriert von einem modernen Bilderbuch, verkörpern die diesjährigen Trends die Ruhe im Freien und das Wachsen unserer Verbindungen zu anderen.

Plongez dans l'univers printanier et fantaisiste de Pâques, avec des décors qui évoquent des jardins luxuriants et la joie d'être ensemble. Inspirées de récits contemporains, les tendances de l'année reflètent le bien-être que procurent les activités extérieures et la connexion avec les autres.

CERTIFICATIONS THAT DRIVE SALES

The products in our collection carry a variety of environmental and quality certifications. Here you can find out what they mean.

The OK Compost label, from the certification body TÜV Austria, indicates that the product is suitable for industrial composting and meets the stringent requirements of the European standard EN 13432.

We now offer napkins with the OK Compost HOME label. You can compost these at home. For instance, by putting them on the compost heap in your garden. This is because they compost at lower temperatures than used for industrial composting.

The mark of responsible forestry

The Forest Stewardship Council® (FSC) certification ensures the product is made of wood from forests managed in an environmentally appropriate, socially beneficial and economically viable manner.

The Nordic Swan Ecolabel identifies the best products on the market from an environmental point of view. For instance, it confirms our stearin candles consist of at least 90% renewable materials and minimise soot emissions.

The RAL Quality Mark is awarded by the European Quality Association for Candles. It guarantees the candle burns cleanly, contains no hazardous materials, retains its shape and is safe and reliable.

Das vom TÜV Austria vergebene Label OK Compost stellt sicher, dass das Produkt für die industrielle Kompostierung geeignet ist und die strengen Anforderungen der europäischen Norm EN 13432 erfüllt.

Ab sofort bieten wir Servietten mit dem OK Compost HOME Label an. Diese können im Haushalt kompostiert werden. Beispielsweise auf dem Komposthaufen im Garten. Dies liegt daran, dass sie bei bereits niedrigeren Temperaturen kompostieren als bei der industriellen Kompostierung.

The mark of responsible forestry

Die Forest Stewardship Council® (FSC)-Zertifizierung besagt, dass das Holzprodukt aus umweltgerecht, verantwortungsvoll und wirtschaftlich nachhaltig bewirtschafteten Wäldern gefertigt ist.

Das Nordic Ecolabel Swan zertifiziert die vom Umweltstandpunkt aus besten Produkte auf dem Markt. So bestehen unsere Stearinkerzen beispielsweise zu mindestens 90 % aus nachwachsenden Rohstoffen und minimieren die Rußemissionen.

Das RAL-Gütezeichen wird von der European Quality Association for Candles verliehen. Es garantiert, dass die Kerze sauber brennt, keine gefährlichen Stoffe enthält, ihre Form behält sowie sicher und zuverlässig ist.

Le label OK Compost octroyé par l'organisme de certification autrichien TÜV Austria, indique que le produit est composé d'un matériau compostable en milieu industriel et répond aux exigences très strictes de la norme européenne EN 13432.

Nous proposons désormais des serviettes avec le label OK Compost HOME. Ces serviettes sont compatibles avec le compostage dans un cadre privé. Elles peuvent être tout simplement mises au compost dans le jardin. Elles se décomposent en effet à des températures inférieures à celles utilisées dans les installations de compostage industrielles.

The mark of responsible forestry

La certification du Forest Stewardship Council® (FSC) garantit que le produit est fabriqué à partir de bois issu de forêts gérées de façon respectueuse de l'environnement, socialement bénéfique et économiquement viable.

L'écolabel nordique Swan distingue les meilleurs produits du marché sur le plan environnemental. Pour nos bougies en stéarine, il atteste notamment qu'elles se composent d'un minimum de 90 % de matériaux renouvelables et minimisent les émissions de suie.

Le label de qualité RAL est attribué par l'European Quality Association for Candles. Il garantit une combustion propre de la bougie, ainsi que l'absence de substances dangereuses, une forme préservée, sécurité et fiabilité.
